

Our journey towards pesticides/chemical free products started 5 years back in Oct 2017 with 5 Gir cows. Lots of self study/ changing the process and several tests, led us to short breed cows, which are naturally grazed to get a perfect ghee, Raw Natural Honey from the forest, Naturally grown spices and Hand made soaps.

We registered our company in Oct 2021 as Gk Natures Pvt Ltd., with 2 brands Guru krupa and Hogesspize. Ghee, Honey, Honey preserves and Spices are sold under the brand Hogesspize. Hand made soaps, kungliyam and other Non - Food items are sold under Guru Krupa.

# Our Vision

Hogesspize ethical principles, we inspire to become the leading supplier of authentic, naturally grown products, by providing certificates (pesticide free with nutritional value) that can be trusted by our consumers.

# Our Mission

Bring out the natural products to the conscious healthy living consumers from the small farmers and indigenous tribes, who practice natural farming.

# Why We Stand Apart From Others

- Our products are from a serene environment, They are chemical free and Nutrient Rich. We assure with 227 parameters pesticide - free test, Nutritional test, Fssai Test, Shelf Life and Daily Value Test. All our tests are conducted at NABL accredited lab.
- Our honey collections are unpasteurized and unprocessed.
- We don't induce our honey with any floral or with any essence.
- Our ghee goes through the above process and A2 protein test.
